## Math

- Unit 1 lessons 11 & chapter 1 review test.

## Science

- Unit 3 Structural adaptations lesson 3.

## S.S

- Unit 1 lesson 3 Many people one community.

Hello everyone, I wanted to thank you for the impressive social studies projects. I was really impressed with them all. What impressed me more is the way the kids presented them. I really can't tell you how proud I was. This week we will I will send a reading log on Monday when they start reading they need to write down the number of pages and you should sign. If all the class reads we will have a pizza party at the end of October. I started working on any weakness I discovered in any of them. No worries if the grades are somehow weak in the beginning. When they will get accustomed to the correct way of answering their grades will get better. The Map test hasn't been confirmed yet as soon as we receive the confirmation e-mail I will inform you right away. Thanks for you continuous support

- Vocabulary:  
Celebrate, courage, disappointment, precious, pride, remind, symbols, tradition.

# SPELLING WORDS

- Short vowels e, i, u.
- Ex: step, rock, shut..etc
